VERRANO
ARCHITECTURAL FINISHES

Transform surfaces. Reimagine spaces.

Architectural inspiration / finish appearance is indicative.

What is Cover Styl?

A high-end self-adhesive architectural film used to refresh, create and renovate suitable existing interior surfaces.

An adhesive film

Renew suitable furniture, cabinetry, doors and wall panels without replacing the whole surface.

500+ finish references

Explore diverse colours, textures and patterns, including wood, stone, metal and textile looks.

A versatile product

Durable, washable finishes. Care instructions and performance depend on the selected reference.

A considered installation

A clean, efficient refurbishment approach that can reduce disruption and replacement work.

Applications

Hotels | Commercial | Transport | Public spaces | Residential
Exhibitions | Medical centres | Office spaces | Restaurants

Surface suitability, preparation and applicable technical requirements are assessed for each project. Ask us for product-specific certification, care and warranty information.

Let's discuss your surfaces.
